APPLICATION FOR MINOR VARIANCE

The undersigned hereby applies to the Development Services Committee for the Township of Tay under Section 45 of the Planning Act; RSO, 1990 for relief (as described in this application) from Zoning By-law 2000-57, as amended.

Please read the following before completing and filing this application:

1. Only complete applications, which include the appropriate sketches, will be processed.
2. One (1) copy of this application must be filed with the Township together with the required, **non-refundable** application fee of **\$1000.00**, in cash or by cheque made payable to the Township of Tay.
3. If the application is signed by an agent or solicitor on behalf of the applicant, the owner's written authorization (contained herein) must be completed. If the applicant is a corporation acting without an agent or solicitor, the application must be signed by an officer of the corporation and the corporation's seal must be affixed **and** copy of Articles of Incorporation provided.
4. Any amendments/deferrals/recirculation to the application will require a **\$250.00** fee.
5. **Each copy of the application must be accompanied by a sketch completed on blank paper in black ink.** The sketch(s) will be the primary means of showing staff, Committee members and neighbouring land owners what is being requested through this application. The sketch(s) must be clear and concise and must include the following (where applicable):

The land owned by the applicant including the boundaries of the subject and abutting lands;

- a. The location¹, size and type of all current and/or proposed buildings

¹ The location of all current and/or proposed buildings and structures, including septic systems, must be shown by displaying their setbacks to the front, side(s), and rear property lines (if applicable)

and structures, including septic systems, on the subject and abutting lands;

- b. The location of all physical features on the subject and abutting lands including septic tank and tile field areas, wells, rivers, streams and watercourses, wooded areas and other vegetation, wet areas, driveways, culverts, banks, slopes, unstable soils and the high water mark of shoreline
 - c. The location, width and names of all road allowances, rights-of-way, streets or highways within 60 metres of the property, indicating whether they are public traveled roads, private roads or right-of-way, or unopened road allowances;
 - d. The location and nature of any restrictive covenant or easement affecting the subject lands;
 - e. Where required by the Township, due to complexities in the application or sensitive land uses, the sketch required shall be a plan of survey prepared by an Ontario Land Surveyor;
 - f. Sketches are required to use metric units of measure.
 - g. Where possible, the applicant should provide "before and after" sketches and elevation drawings of proposed building to assist staff, Committee and neighbouring landowners in understanding the intent of the application.
6. If the minor variance(s) requested relates to the construction of a building or structure, the proposed location of the building or structure must be clearly identified on the subject property, by staking the outer perimeter of its proposed location. Further, if the minor variance requested is for a reduction in a required setback, the nearest point from which the reduced setback is being requested (for example, a lot line) must also be identified by stake(s).
7. The owner/applicant must post the provided sign in a location that is clearly visible from the road and approachable to be read by the public, and provide photos to the Township by e-mail to planning@tay.ca to verify that the sign posting has been completed by the date noted on the attached 2024 Committee of Adjustments Committee Schedule (see attached).
- 8. The applicant or a representative is required to attend the scheduled hearing.**
9. Alternative formats are available upon request.
