**MEDIA RELEASE**

**FOR IMMEDIATE RELEASE**

Date: August 20, 2020

Time: 11:25 P.M.

**Expect Low Water Pressure in Port McNicoll on August 21 Due to a Watermain Repair**

**Tay, Ontario** – Residents of Port McNicoll on the municipal drinking water system are advised that they may encounter lower than normal water pressures between 8:00 am and 4:00 pm on Friday August 21 due to a watermain repair.

Municipal drinking water system users in Port McNicoll as well as between Port McNicoll and Vents Beach Road near Victoria Harbour are asked to minimize their water usage during this time. Please refrain from outdoor and other large water uses on Friday.

The Tay Township Water Services division appreciates your assistance in reducing water demand as they perform this watermain repair.

*Tay Township is committed to delivering responsive and cost-effective municipal services and infrastructure that provide for the long-term economic, social and environmental well-being of its residents and community.*
